Soft Skills: Communication, Team Collaboration, Problem Solving, Time Management, Fast Learner

PROJECTS

ScholarStream – Scholarship Management System

[Live](#) | [Client](#) | [Server](#)

ScholarStream is a scholarship management web application that allows students to explore scholarships and apply online while enabling administrators to review and manage applications efficiently.

- **Role-Based Dashboards:** Built Student, Moderator, and Admin dashboards with JWT-protected access.
- **Application Workflow:** Enabled scholarship search, application submission, feedback, and status tracking
- **Secure Payments:** Integrated Stripe payments with environment-secured Firebase and MongoDB credentials.

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Firebase Auth, JWT, Stripe

Zylos – Freelance Marketplace Platform

[Live](#) | [Client](#) | [Server](#)

Zylos is a freelance marketplace web application where users can post jobs, explore available tasks, and accept work through a secure digital platform.

- **Job & Task CRUD:** Implemented create, update, delete, and accept job workflows with MongoDB persistence.
- **Role-Based Job Control:** Restricted users from accepting their own jobs and managed task ownership logic.
- **Dynamic Job Interaction:** Added job filtering, sorting, toast notifications, and responsive UI.

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Firebase Auth, Axios

Ecomart – Eco-Friendly E-Commerce Shop

[Live](#) | [Client](#)

EcoMart is an eco-friendly e-commerce web application that enables users to browse products and view detailed item information through a simple online shopping platform.

- **Product Display:** Implemented product listing and details pages with API-driven data fetching.
- **Protected Actions:** Added protected routes and toast notifications to improve user experience.

Tech Stack: Next.js, Tailwind CSS
